

You May Be Entitled to a Payment of No Less Than \$175
This Summary Notice of Settlement Has Been Preliminarily Approved by the
U.S. Federal District Court of the Northern District of Illinois
in *Patel v. AT&T Services, Inc. et al.*, 15-cv-8174

RE: Cellular Telephone Number [Insert Class Member Telephone Number Here]

A Settlement Agreement has been reached in a class action lawsuit that alleges that AT&T used an automatic telephone dialing system and/or an artificial or prerecorded voice to make calls to cellular telephones regarding AT&T's U-Verse service, without the prior express consent of the cellular service subscribers. AT&T strongly denies the allegations that it violated the Telephone Consumer Protection Act, but has agreed to settle to avoid the burden and cost of further litigation. You may be a member of the Settlement Class and entitled to payment under that Settlement.

AT&T's records indicate that AT&T or someone acting on its behalf placed or attempted to place one or more calls using an automated dialing system or a prerecorded voice to the Telephone Number listed above. If this number belonged to you at the time the call(s) were made, the calls were made without your consent, and you are not currently a customer of AT&T Mobility or AT&T U-Verse service and were not a customer of those services at the time of such call(s), you may be entitled to receive payment under the Settlement.

A settlement fund of \$1,925,000 has been established to pay valid claims and attorney's fees. If you received calls to your Telephone Number from AT&T regarding its U-verse service that were made using an automated system or a prerecorded voice, you may be eligible to receive a share of that settlement fund if you did not consent to receive such calls. The final cash payment amount will depend on the total number of valid and timely claims filed by all Class Members, as well as the number of calls you received. A minimum of \$175 is based on if all class members submit a claim and the Court awards the full amount of attorney's fees requested.

You may choose to exclude yourself from, or object to, the Settlement. The Court has appointed class counsel to represent the Settlement Class. That attorney is Curtis C. Warner, Warner Law Firm, LLC, 350 S. Northwest Hwy. Ste. 300, Park Ridge, IL 60068. You will not be charged for his work and you can contact him at (847) 701-5290 or cwarner@warnerlawllc.com. Class Counsel will request an award for attorney's fees and expenses from the Court in an amount of twenty-five percent (25%) of the \$1,925,000 Settlement Fund. You may hire your own attorney, but only at your own expense. The class representative is requesting an incentive award of up to \$10,000 subject to court approval, separate of the settlement fund for his participation in this lawsuit and for his alleged damages.
